Chesapeake Region Safety Council

Certificate in Fundamentals of Risk Management

Risk Management – Part I

A key question asked of many safety and health professionals by business and finance executives is: Do safety and health management programs improve a company's bottom line? The answer is indisputable - "YES"

- Define Risk Management
- How You Fit in and Where You Can Add Value
- Demonstrate How It Benefits You and Your Company

Risk Management Part II – Risk Financing Cost Effective Insurance and Claims Management

This second in our series will first touch on an overview of available risk management techniques and then focus on risk financing methods.

- Risk retention – active and passive
- Cash Assets
- Financing arrangements and Lines of Credit
- Deductibles
- Stop Loss

Risk Management Part III – Risk Control Measures, Program Management and the Return on Investment

The third and final part of our series addresses the topic of risk control techniques and other relevant aspects of a risk management program to eliminate, or minimize, losses to your assets.

- Business contract insurance indemnification and hold harmless requirements
- OCIP/CCIP/Wrap programs and how they can directly affect your business insurance coverages and costs.
- Certificates of insurance issues and methods for managing them
- Risk management program set up and reporting
- Benchmarking and measuring the return on investment in a risk management process

As a wrap up and final comprehensive review of the course, we will also explore a model business risk management scenario. In this project, the participants will engage as a class to:

- Identify assets and risk exposures
- Analyze these exposures to risk
- Evaluate and prioritize methods to address the risk
- Develop a process for implementation

The overall goal is to help you protect your business in an efficient and cost effective manner to increase growth opportunities and profitability

Upon completion of these 3 courses attendees will earn a Certificate in Fundamentals of Risk Management from the Chesapeake Region Safety Council

Chesapeake Region Safety Council - 2555 Lord Baltimore Drive, Suite N-R, Baltimore, MD 21244
