

Writing a Successful Accident Prevention Plan for USACE Contracts

When & Where:

8:00am-4:00pm
Chesapeake Region Safety Council - 2555 Lord Baltimore Drive,
Suites N-R
Baltimore, MD 21244

Do you know what the requirements are to submit an Accident Prevention Plan to USACE? In this course you will learn how to prepare a site-specific APP – a detailed plan that addresses the management processes that will be used to prevent hazards from being present in all phases of the contract. As outlined in EM 385-1-1, an APP is a safety and health policy and program document that is contract or job specific and is in integral part of the planning process. Writing a successful Accident Prevention Plan (APP) and Activity Hazard Analysis (AHA) are key elements to working on a U.S. Army Corps of Engineers contract.

Topics Include an APP checklist:

- Background Information
- Statement of Safety and Health Policy
- Project Organization
- Subcontractors and Suppliers
- Training
- Safety and Health Inspections
- Accident Reporting
- Required Plans
- Risk Management Processes
- Personnel Qualifications
- Safety Data Sheets
