Job Safety Analysis (JSA) is a participating process, requiring input, feedback, and cooperative effort from the employees, supervisors, and upper management. This course provides a step-by-step overview of the process, including the participants role in the Job Safety Analysis.

You should attend this course if you are:

- Any employee, safety committee member, team member, manager, etc., who needs an overview of job safety analysis to participate effectively in the JSA process.

Price:

- \$295 for CRSC/NSC Members
- \$385 for Non-Members
- .65 NSC CEUs

Why you should attend:

- If you need an overview of Job Safety Analysis to participate effectively in the JSA process, this course will help you understand the process and your role in it.

Upon Completion of the Job Safety Analysis Course, you will understand the basics of JSA:

- Reduce incidents and injuries by identifying and controlling hazards
- Participate in developing efficient procedures to reduce injuries and operating costs
- Complete JSA form correctly
