

Defensive Driving Online Courses (DDC Online)

NSC Driver Safety Training

Convenient, affordable driver safety training to help minimize corporate liability risks and costs

Course description

National Safety Council offers a **4-hour and 2-hour online Defensive Driving Course (DDC Online) in English and Spanish**. Both courses provide leading edge content with high-definition videos, 2-D and 3-D animated graphics and illustrations, crash scenarios and interactive gaming exercises. Based on research-driven data and statistics, DDC Online brings the internationally acclaimed content from our flagship Classroom Course into a convenient web-based format. DDC Online presents real-life driving situations to educate and motivate drivers to change their behind-the-wheel behaviors and attitudes. Students are quizzed throughout the course to validate comprehension of key learning points and course objectives.

The more knowledgeable your employees become about the importance of driving safety and mastering the skills and techniques of defensive driving, the less likely they will be involved in a motor vehicle incident reducing your corporate liability risks and costs.

What participants will learn

4-hour DDC Online is our most comprehensive online Defensive Driving program with data-driven content and defensive driving strategies that address the most dangerous driving situations and unsafe driving behaviors and attitudes. The curriculum is tailored to the participant's profile — including age, gender, driving behaviors and attitudes, vehicle driven, and geographic location — based on a series of responses to questions asked throughout the course. Adaptive curriculum is an effective approach to driver training when you have employees with varying driving characteristics and job junctions. Packed with more content, videos, driver scenarios and gaming challenges than our 2-hour DDC Online Course, DDC Online 4-hour is an all-inclusive driver safety program for organizations looking for convenience, flexibility and employee engagement.

2-hour DDC Online contains the primary learning points from our 4-hour DDC Online course. Participants gain the basic knowledge and skills to recognize and avoid motor vehicle collisions and violations, and identify the benefits of defensive driving. The abridged version of DDC Online contains many of the same interactive exercises, engaging crash scenarios and videos from the 4-hour course and is a perfect solution for refresher and post-incident remedial training. The 2-hour DDC Online does not contain the adaptive curriculum feature available in our 4-hour DDC Online course.

Content highlights*

- Full motion, high-definition videos, 3-D animation and graphic illustrations and gaming exercises
- Hazard recognition driving scenarios, reenactments of real-life driving situations and crash evaluations
- Full-course narration with closed captioning for the hearing impaired
- Convenient “bookmark” feature allowing student to exit and return to course where they left off
- Knowledge checks and quiz challenges throughout the course concluding with a final exam and printable Certificate of Completion with 80% passing score

**Content will vary between the 4-hour and 2-hour Course.*

NSC's Online
Defensive
Driving Courses

NSC Defensive Driving Online Courses offer a cost effective solution for companies with:

- Employees in remote or multiple locations
- Immediate training needs
- Limited classroom space or instructor resources
- New employee training
- Refresher or post incident training
- Contract drivers and fleet operations
- Temporary drivers and staff

Establish your very own DDC Online Training University

With a minimum purchase of 100 registrations, NSC will design your company's very own DDC Online Training Web Site with co-branded pages containing your company logo, personalized employee welcome message, and custom reporting capabilities. Site creation, web hosting, and customer and technical support are included.

An administrator at your organization can manage your DDC Online Training, track registrations, participant progress and test scores, access user or department information, and generate detailed reports at any time with the easy-to-use DDC Online Learning Management System.

With your customized administrative site, you have the ability to:

- Assign access codes to adapt to your organization's department structure, site locations or business functions
- Acquire participant information and user reports instantly, or customize a report based on select requirements
- Create searches to find information that matches identified criteria and update employee records
- Print Certificate of Completions immediately

DDC Online Course Pricing

DDC Online pricing is based on the number of registrations purchased for your employees. To receive the best price, combine DDC Online 4-hour and 2-hour registrations. Your DDC Online registrations are good for one full year from the date the licenses and course access information are delivered to your organization.

To purchase DDC Online, contact our Traffic Services Section at 1.800.875.4770

Course	# of Course registrations	Price per Registration
4-hour DDC Online ENGLISH 44100-1350	1-49	\$41.25
	50-99	36.80
4-hour DDC Online SPANISH 44100-1351	100-249	30.00
	250-499	21.00
