

OSHA 2045

Machinery & Machine Guarding Standards

Class Time: 8:00am to 4:00pm

When and Where:

June 17-20, 2019 at the ABC-VA Chapter 1600 E Parham Rd Richmond, VA 23228

This course covers the various types of common machinery, machine safe guards, and related OSHA regulations and procedures. Guidance is provided on the hazards associated with various types of machinery and the determination of proper machine safe guards. **Upon course completion** students will have the ability to describe common machine hazards and sources of energy, identify resources for assisting with machine guarding issues, and determine methods of control and hazard abatement, and selection of appropriate machine safe guards.

Program highlights include:

the ability to recognize hazards and provide options for control and hazard abatement through machine safeguarding inspection workshops.

Class Price:

\$795

Includes:

Lunches, refreshments
and student materials!

Course topics include:

- machinery processes
- mechanical motions
- points of operation
- control of hazardous energy sources (lockout/tagout)
- guarding of portable powered tool
- common OSHA machine guarding violations
