

OSHA 5400 Trainer Course in Occupational Safety and Health Standards for the Maritime Industry

This course is designed for individuals interested in teaching the 10- and 30-hour Maritime safety and health Outreach Training Program to their employees and other interested groups. Special emphasis is placed on those topics required in the 10 Hour and 30 hour Outreach Training Program as well as the most hazardous in the maritime industry using OSHA Maritime Standards as a guide. Students are briefed on effective instructional approaches and use of visual aids and handouts. This course allows the student to become a trainer in the Outreach Training Program, to conduct 10- and 30-hour maritime classes in shipyard employment, marine terminals, and long-shoring, and to issue cards to participants after verifying course completion. Students in OSHA #5400 Trainer Course in OSHA Standards for the Maritime Industry who wish to participate as authorized Outreach Trainer Program trainers in the OSHA Outreach Training Program must successfully prepare a presentation on an assigned OSHA maritime industry Outreach Training Program topic individually or as part of a group and successfully pass a written exam at the end of the course.

Course Objectives:

Upon successful completion of this course, participants will be able to:

- Instruct Maritime workers in OSHA 10 and 30 Maritime Standards hazard identification course
- Define Maritime terms found in the OSHA Maritime Industry and determine appropriate standards
- Identify hazards that occur in the Maritime Industry and determine appropriate standards
- Locate OSHA Maritime Safety and Health standards, policies, and procedures
- Describe the use of the OSHA Maritime standards and regulations to supplement an on-going safety and health program

Prerequisites:

Students must successfully complete the OSHA #5410 Occupational Safety and Health Standards for the Maritime Industry and have five (5) years maritime industry safety experience. A degree in occupational safety and health from an accredited college or university, certification a Certified Safety Professional (CSP), a Certified Industrial Hygienist (CIH), or a Certified Marine Chemist (CMC) may be substituted for two (2) years of work related experience. Authorized OSHA Maritime Industry Outreach Training Program trainers are required to attend OSHA #5402 Maritime Industry Trainer Update Course at least once every four (4) years to maintain their trainer status. Industry OSHA Standards courses (#510, #511, and #5410) must be completed not later than seven (7) years prior to completing the relevant Industry Trainer course (#500, #501, and #5400).
